Manassas Special Order #4: Guard Duty - Revised

Will Eichler, Colonel 1st Battalion
Craig DeCrane, Colonel 2nd Battalion
Brigade Staff

Sirs:

1. Each Battalion will issue orders for Battalion Guard Duty per the following schedule:
Friday: 8 PM – Midnight
Saturday: 7 AM - Midnight
Sunday: 7 AM – Noon
2. Each Battalion shall provide 2 guards for Brigade Headquarters per the following schedule:
1st Battalion: Friday 8 PM - Midnight
Saturday 7 AM – 4 PM
2nd Battalion: Saturday 4 PM – Midnight
Sunday 7 AM – Noon
3. During the battles on Saturday, and any action that may take place before noon on Sunday, the Battalion responsible for providing Brigade Headquarters Guards during these times may substitute their scheduled guards with individuals who may have moderately limited physical capabilities and cannot fully contend with the rigors of movement and fighting or drilling in the ranks. Battalion Commanders shall use their judgment in these assignments.
4. Also, during the battles on Saturday and Sunday, each Battalion shall provide at least one individual to watch over their respective Battalion camps. These guards should be individuals who are unable to participate in the battles due to health concerns. Battalion Commanders shall use their judgment in these assignments.

Manassas Special Order #5: Required Reporting - *Unchanged*

Will Eichler, Colonel 1st Battalion
Craig DeCrane, Colonel 2nd Battalion
Brigade Staff

Sirs:

The following reports will be requested by Brigade from each Battalion at the 150th Manassas event:

1. Morning Reports

Battalion Consolidated Morning Reports are to be submitted to Brigade by 8:45 AM Friday. Company Morning Reports are to be submitted to Battalion by respective Battalion Orders.

2. Weapon Inspection Reports

Battalion Weapons Inspection Reports are to be submitted to Brigade approximately 1/2 hour prior to any scheduled battle or tactical. Company Weapons Inspection Reports are to be submitted to Battalion by respective Battalion Orders.

4. After Action Reports

Following the completion of every tactical or battle except the final battle on Sunday, each Battalion will submit a written After Action Report to Brigade 2 hours after the tactical or battle. Abstract of Materials Reports (Form 9a) may also be submitted but are not required. Companies will submit a written After Action Report to Battalion by respective Battalion Orders.

5. Other Required Reports

Should other reports be required by Army Headquarters, additional Brigade Special Orders will be issued accordingly.

6. Forms Available at Brigade

Each Battalion is expected to provide its own reporting forms; however, understanding that circumstances can happen, the Brigade will have these forms available for Battalion.

- A. Company Morning Report
- B. Consolidated Morning Report
- C. Company Weapons Inspection Report
- D. Battalion Weapons Inspection Report
- E. Abstract of Materials (Form 9-a)
- F. Guard Mounting Report

Manassas Special Order #6: Emergency Contingency Plan - *Unchanged*

Will Eichler, Colonel 1st Battalion
Craig DeCrane, Colonel 2nd Battalion
Brigade Staff

Sirs:

You are hereby requested to distribute amongst your commands the *attached 1st Brigade, Third Division Emergency Contingency Plan* (Contingency plans for Severe Water Shortage, Missing Soldier, Catastrophic Injury, Multiple Catastrophic Injury, Death, Criminal Act and Fire). Major Fratt to do the same for Brigade staff and all Brigade attached units. Once on-site, an eighth contingency plan (for severe weather) may be issued pending receipt of same from the event planners.

By Order of:
General Dave Shackelford
Commanding General, 1st Brigade
3rd Division

Major Keith Harrison
AAG, First Brigade
3rd Division

Manassas Special Order #7: Extra Water - *Unchanged*

Will Eichler, Colonel 1st Battalion
Craig DeCrane, Colonel 2nd Battalion
Brigade Staff

Sirs:

Coinciding with the contingency plan for water shortage contained in the *1st Brigade, 3rd Division Emergency Contingency Plan (Special Order #6)*:

1. Each company commander of each Battalion is requested to bring an extra five (5) gallons of water to be kept in a vehicle for emergency use.
2. A Battalion officer, to be designated by the Battalion Commander, is requested to bring for Battalion staff an extra five (5) gallons of water to be kept in a vehicle for emergency use.
3. A Brigade officer, to be designated by the Brigade Commander, is requested to bring for Brigade staff an extra five (5) gallons of water to be kept in a vehicle for emergency use.

Manassas Special Order #8: Identification of Trained Medical Personnel in the Ranks and Reports of Actual Injuries that take place during the Event – *Unchanged.*

Will Eichler, Colonel 1st Battalion
Craig DeCrane, Colonel 2nd Battalion
Brigade Staff

Sirs:

Battalion Commanders are requested to provide the names of those individuals under their command that are known to be trained medical personnel to Brigade Headquarters by 7 PM on Friday.

Also, and as a supplement to and not as a replacement for **Special Order #6**, each Battalion shall report all actual injuries (and the disposition of those injuries if known at the time of reporting) that take place in camp and during the battles during the weekend to Brigade Headquarters as soon as reasonably practicable.

By Order of:
General Dave Shackelford
Commanding General, 1st Brigade
3rd Division

Major Keith Harrison
AAG, First Brigade
3rd Division

Manassas Special Order #9: Civilian Camps - Revised

Will Eichler, Colonel 1st Battalion
Craig DeCrane, Colonel 2nd Battalion
Battalion Staff

Sirs:

1. *Depending on the location and configuration of the space allotted for the Brigade and due to the lack of any space designated by the event hosts for Civilian Camp, Civilian Camps will be either on the periphery or in the center of the military camps. Once Brigade receives its camping designation, a decision will be made and passed onto the Battalion Commanders.* It is anticipated that most civilians will be camping near where they have husbands, brothers, and fathers located. Given this, each Battalion will most likely will know who is camping near them.

1. Each Battalion will be responsible for initially ensuring that all Civilian Camps are sufficiently located away from their and, in particular, Brigade military camps such that they do not interfere with daily military operations.

2. Each Battalion will identify or if need be designate a single Civilian Coordinator from among the civilians camping near their Battalion to take charge of the civilians in that area. Each identified Civilian Coordinator shall be brought (by a Battalion Officer) to the Brigade AAG at Brigade headquarter at 7:30 PM on Friday.

3. It shall be the responsibility of the Civilian Coordinators (along with a designated Battalion Officer) to ensure that each Civilian Camp does not interfere with or otherwise hinder the military operations of the Brigade.

4. All orders affecting when the military awakes in the morning and retires at night shall be rigidly adhered to by all Civilians.

5. All Safety Orders affecting the military also apply to all Civilians Camps. A copy of *1st Brigade, 3rd Division Emergency Contingency Plan (Special Order #6)* will be provided to each identified Coordinators by the Brigade AAG.

Manassas Special Order #10: Experimental Tentage - *New*

Will Eichler, Colonel 1st Battalion
Craig DeCrane, Colonel 2nd Battalion
Brigade Staff

Sirs:

1. Given the fact that the Brigade was provided with plethora of wall tents and so few wagons to transport all of the battalions' equipment, Brigade Quartermaster Major Adolphous Shelterlodge has suggested, as an experiment (from an idea given to him from a home town merchant, Charles Maynard), that each battalion take a good share of their allotted wall tents and cut them down to a series of canvas pieces approximately 64 inches by 64 inches, put a row of buttons on end of one and a row of button holes on the other. On the opposite end of the buttons and holes sew three loops – one in the center and one on each end. Then provide each soldier one of the canvas sides such that one soldier has a canvas piece with buttons and one with buttonholes. When stopped for the night, have the soldiers button up the two canvas pieces and forage for a wooden ridge about 70 inches long, two wooden uprights (forked at one end if possible) a 36 inches and six wood stakes from any nearby woods. During the march, each soldier can carry his piece of the tent; thereby alleviating the needs for wagons to carry their tentage. This order does not apply to any A-Frames or officer Wall tents, both of which can be transported in wagons designated for each battalion.

Manassas Special Order #12: Event Organizer's Safety, Rules, Authenticity, and Scenario Enforcement - *New*

Overview

We expect to have closely scripted, historically accurate, time and command managed battle scenarios. Unlike any reenactment of this scale in the past, we are prepared to re-wind the movements on the field, if necessary, to get it right. With this in mind, reenactors are advised of the following:

1. Every reenactor and/or living historian shall affiliate, as a part of their registration, with an established Civil War reenactment unit. That unit must then, in turn, be a recognized part of an established Civil War reenactment umbrella organization. As a safety and as a command and control issue it is the individual's responsibility to affiliate and if no recognized unit is found, the individual will not be able to participate. Affiliation means that the unit or individual will be under the control of, camp with, be safety inspected by and fall in for battle with that recognized unit. Individuals must join or affiliate with a unit to register. The event Commanders and organizers will make the final determination if a registration is accepted.
2. There will be no walk-ons within the requirements noted above, reenactor (Military and Civilian) registration will be on a first come first served basis. Specialty impressions – to include generals - are by invitation only.
3. The event organizers begin with the assumption that the vast majority of reenactors care deeply about our American heritage and have already spent considerable time, effort, and resources in assembling an accurate portrayal of a civil war soldier -- from their dress and equipment to their understandings of the School of the Soldier and School of the Battalion. We also assume that each reenactor and living historian is prepared to take personal responsibility for their own health and safety and the safety of others in camp and on the field.
4. No person shall carry the non-commissioned rank of Sgt/Major or the commissioned field grade rank of major or above without approval of Army command (Federal or C.S.A.). No General Officers will be allowed on the field without prior approval of Army command.
5. Army commands will work with the Event organizers and staffs to enforce impression and safety standards. Shortcomings will be reported to Army, Division or Regimental command and, if necessary, to event staff, as appropriate.
6. Safety and Scenario violations will be immediately corrected. Army, Division and Regimental commanders will be held responsible for noted safety violations and for their correction. Depending on the severity of a safety violation the Commander may be relieved of command by the Commanding Army General or by the event staff.

Impression Standards

The 150th Commemoration Reenactment of the Battle of 1st Manassas/Bull Run offers reenactors a rare opportunity to portray a wide variety of military and civilian impressions. We encourage all well-researched impressions including battle-shirts, pre-war militia uniforms, commutation jackets, combinations of military and civilian garments, and the like that can be linked to the event and history at the reenactor, Company or greater level, e.g., 15 or more common impressions. We are not interested in and will not permit military impressions of two or three individuals – even if authentic - on the field. Please do your best to educate the public and respect your fellow reenactors by heeding the following:

1. All clothing must accurately represent the fashion and style of 1861: e.g., natural fibers, period cut and color.
2. Modern plastic glasses frames are not to be permitted.
3. Modern footwear is permitted in leather boots and in black only. No shoes and no sneakers (we should not need to have this discussion).
4. No specialty impressions without the approval of the Event. This includes portrayals of Lee, Jackson, Lincoln, Grant, Clara Barton, Siamese war elephants, etc. etc. If you have any doubts, ask.

5. Women portraying soldiers in the ranks should make every reasonable effort to hide their gender. Hundreds if not thousands of women passed themselves off as men in order to serve as soldiers during the war – on both sides – and we will never know exactly how many did so because they were good at it. Honor them. If any Army or event volunteer (as above) determines the female gender at not less than 15 feet that individual will be asked to leave the field/ranks. Ponytails on men aren't a great idea, either, nor are mohawks or gelled spikes. It's 1861.
6. As a compromise to modern safety, a minimum number of period Ice Angels (2-3) will be permitted for each authorized Battalion. Each Ice Angel must be at least 12 years of age and must be accompanied and under the direct supervision of an adult.
7. Do not wear any uniforms or insignia that would not have appeared at First Manassas/Bull Run in 1861. This includes, but is by no means limited to:
 - a. Corps badges.
 - b. Confederate sharpshooter badges.
 - c. Bucktails or Berdans uniforms.
 - d. "RD II" and Tate jackets.
 - e. Veteran Reserve Corps jackets.
8. The classic "campaigner" impression is wrong for this event. Raggedy impressions will be asked to leave the ranks/field.
9. FYI, no soldier at the First Manassas/ Bull Run had brass that hadn't been shined for that battle.
10. A dirty musket is rarely if ever appropriate and may in fact constitute a safety violation.
11. All anachronisms (cots, coolers, sweat pants, etc.) must be hidden away inside tents at all times.
12. Tobacco use shall be confined to period products – pipes, cigars, snuff, chew, or in rare cases filterless cigarettes.
13. No pets will be allowed on the grounds.
14. The use of metal detectors is strictly prohibited.

Safety

The following is a brief summary of Event Safety Rules. More detailed discussions may be viewed at: <http://www.usvolunteers.org/docs/safe04.pdf>, <http://www.usvolunteers.org/Docs/artillery-danger.pdf>, http://www.bonnieblue.net/Departments/safety_regulations.htm

Special Event Safety Requirements.

1. Only a senior non-com may pull a ramrod in the field and only if 20 paces behind the firing line. No exceptions. A violation of this rule can result in the private and the senior non-com being thrown out of the event.
2. You can fix bayonets for inspections and to stack arms while staging for battle scenarios, as directed by commanders. You will not fix bayonets or ram cartridges in battle.
3. There will be no hand-to-hand combat except as provided by the scripted scenario. You will be told in advance if you are a participant. Anyone who touches another participant, their gear or any colors -- if not previously arranged - will be arrested, ejected, and prosecuted.
4. During battle scenarios, do not come within 50 yards of the muzzle of an artillery piece. Each artillery commander will place safety stakes to mark the 50 yard safety line.
5. No firing of small arms within 40 yards. Never aim directly at anyone at any range.
6. Only period smoking on the field.

7. No bare feet on the field. You may be willing to run the risk, but we don't want to send medics for you when someone may be having a more serious problem elsewhere.

8. NO black powder weapons of any kind will be carried or fired by any participant less than 16 years of age. Participants 16-18 years old must have parental or signed guardian supervision. Children under age 16 are not permitted on the field during the reenactments. Exceptions will be made for functional musicians (boys 11 or older who can actually play a drum, a fife or a bugle) and trained signal party youths age 12 or above. These youths will be assigned one on one with an adult signalman. Violation of these rules can lead to ejection of the child, responsible adult and/or unit commander.

9. NO projectiles, bullets, musket balls, or loading blocks will be carried at any time.

10. Cartridge paper will not be placed in the barrel and NO wadding or ramming will be permitted except in the use of handguns. (Absolutely NO wonder wads, Cream of Wheat recommended). Multiple loading is not permitted.

11. Infantry cartridges will not be carried anywhere on the person except in a hard cartridge box.

12. Infantry black powder will only be carried in the form of cartridges.

13. Straw must be kept inside the tent.

14. ALL campfires shall have, at a minimum, one full bucket or other container of water /fire extinguisher close at hand. Event staff will inspect for this and may cancel your fire permit.

15. We encourage battalions to mount guards.

16. It will be hot and summer in Virginia – hydrate and limit your consumption of alcoholic beverages. Excessive drinking is a safety issue and can lead to your ejection.

17. Lights out means lights out and quiet time. We know you're happy to be with your friends but people need their sleep before they go out on a hot summer day and handle black powder weapons.

18. Due to congestion and the number of participants, Cars in camp – for 45 minutes – to unload when permitted.

19. Cars will not enter / re-enter camp from Friday noon until Sunday after the battle.

Weapons

1. 3-band muskets preferred; correct 2-banders

2. NO non-period weapons. NO civilian weapons.

3. Side arms carried ONLY by officers and cavalry troopers.

4. NO sheath knives will be carried on the field.

5. POWDER CHARGES limited to a maximum of 70 grains for .54-.58 caliber and 90 grains for .69 caliber, 60 grains for carbines; 14 and 30 grains for .36 and .44 caliber pistols respectively.

6. No live ammunition is allowed on the reenactment site.

7. No tompions may be taken to the field.

8. No "Wonder wads" are to be used in any weapon.

FIRST BRIGADE, 3RD DIVISION EMERGENCY CONTINGENCY PLAN MANASSAS 2011

The below listed procedures will be used by the First Brigade, 3rd Division (Brigade) in case of the following emergencies:

1. Severe water shortage
2. Missing Soldier
3. Catastrophic injury
4. Multiple Catastrophic injuries
5. Death
6. Criminal act
7. Fire

General Procedures. Communications regarding emergencies will proceed as follows. Battalion will contact Brigade either by radio or runner who will in turn contact Army Headquarters.

During non-battle periods, Brigade will have two radios, one for communication to Army Headquarters and one for communication with the three Battalions. The Brigade radio will be staffed by an officer at all times. Battalion Headquarters also will have radios at their respective headquarters. The Battalion radio will be staffed by an officer at all times. In addition, each Battalion will have an Aide-de-Camp available to serve as a runner if needed. The designated Brigade and Battalion Emergency Officer and Aide-de-Camp responsibilities can be shared amongst several officers and soldiers throughout the weekend. Should an emergency occur and the Battalion radio not work, the Battalion Aide-de-Camp will immediately be sent to inform Brigade Headquarters with the nature of the emergency. Brigade Headquarters will then contact Army Headquarters.

During the battles, Brigade will have two radios, one for communication to Army Headquarters and one for communication with the three Battalions. Battalion commands will designate an officer who will have a radio during the battle. Should an emergency occur during the battle, the designated Battalion officer will contact Brigade by either by radio or runner. Brigade will in turn contact Army Headquarters and inform them of the location and nature of the emergency.

Immediately upon arrival, Company/Battalion will ascertain qualified medical personnel with their ranks and report same to Brigade.

Specific Procedures.

- a. Battalion will report problem to Brigade.
- b. Brigade will report problem to Army Headquarters.
- c. All fatigue and guard details will be suspended. No drills will be conducted.
- d. Under the supervision of Battalion Commanders, Company Commanders will make available and oversee the uniform distribution of their emergency water supply amongst their companies. Battalion and Brigade Headquarters will distribute accordingly their emergency water supplies amongst their respective staff.
- e. If shortage continues to threaten the health of the troops, the Brigade will request that everyone go home.

2. Missing Soldier:

- a. Battalion will report missing soldier to Brigade.
- b. Brigade will report missing soldier to Army Headquarters.
- c. Battalion will find out person's health history, marital status, etc. from individual's unit.
- d. Any soldier with personal knowledge of the missing person, the Battalion's chief medical person and the Battalion and Brigade Commanders will search through the missing person's belongings to look for medicine or any indication that time is of the essence. As many credible individuals as reasonably possible must be present during the search of the personal property will and report same to Brigade. Brigade will relate all pertinent information regarding the missing person to Army Headquarters and local authorities.
- e. Brigade staff will orchestrate search parties to assist local authorities (if requested).

3. Catastrophic injury:

- a. Dial 911
- b. Immediate on the scene care to be provided by Company EMTs, if possible.
- c. Battalion will report injury to Brigade.
- d. Brigade will report injury to Army Headquarters.
- e. Brigade/Battalion Staff will facilitate getting Emergency personnel to the scene as quickly as possible (If need be, Brigade staff will cause a chain of individuals to be created to direct emergency personnel to the appropriate location).

4. Multiply Catastrophic Injury:

- a. Dial 911
- b. Battalion/Brigade Staff will shut down of the event in the immediate area and cordon off the area.
- c. Battalion will report injury to Brigade.
- d. Brigade will report injury to Army Headquarters and request emergency personnel.
- e. Brigade/Battalion Staff will facilitate getting Emergency personnel to the scene as quickly as possible (If need be, Brigade staff will cause a chain of individuals to be created to direct emergency personnel to the appropriate location).

5. Death:

- a. Dial 911
- b. Battalion/Brigade Staff will cordon off the area.
- c. Battalion will report death to Brigade.
- d. Brigade will report death to Army Headquarters.
- e. Brigade/Battalion Staff will facilitate getting local police/emergency personnel to the scene as quickly as possible (If need be, Brigade staff will cause a chain of individuals to be created to direct local police/emergency personnel to the appropriate location).
- f. Company/Battalion will assist Brigade in terms of ascertaining next of kin and provide this information to local authorities. Company Commanders will secure the deceased's equipment and personal effects.

6. Criminal Act:

- a. Depending on seriousness of the crime, dial 911
- b. Battalion will report problem to Brigade.
- c. Brigade will report problem to Army Headquarters.
- d. Brigade/Battalion Staff will facilitate getting local police/emergency personnel to the scene as quickly as possible (If need be, Brigade staff will cause a chain of individuals to be created to direct emergency personnel to the appropriate location).

7. Fire:

- a. If fire can be controlled, Company will put the fire out and then report incident to Brigade via Battalion.
- b. If fire cannot be controlled locally:
 1. Dial 911 and report nature and location to authorities
 2. Report incident to Battalion/Brigade Staff who along with Company will ensure that flammable and explosive material are removed from the vicinity of the fire and the area cordoned off.
 3. Brigade will report fire and the fact that 911 was called to Army Headquarters.
 4. Brigade/Battalion Staff will facilitate getting local fire personnel to the scene as quickly as possible (If need be, Brigade staff will cause a chain of individuals to be created to direct emergency personnel to the appropriate location).
